

Colour me gorgeous!

Colour is versatile, creative and great fun. And mineral makeup now offers a range of spectacular vibrant colours to increase the possibilities even more.

One face, three completely different looks

For inspiration, here is Sheree wearing three looks, all easily achieved using Livinia mineral makeup. For the foundation, they have all been created using Livinia's award-winning mineral crème foundation, with matching mineral powder foundation to finish.

Visit the website for full details and 'how to' application tips.

TIP ~ To look your best, makeup should enhance your features and – this really can't be emphasised enough – it should look natural. The two keys are to make sure you choose colours that complement your face and to always **blend well**.

Colour me 'Natural Beauty'

A beautifully soft and natural look, created using cool tones for both eyes and lips.

Eyes: Sugar, Opal and Jade

Lips: Lia

Colour me 'Elegance'

A lovely elegant look, created using warm colours for the eyes with a sophisticated shade of burgundy for the lips.

Eyes: Blossom, Gold and Bronze

Lips: Ellie

Colour me 'Stunning'

An evening look that says total glamour; created using metallic eyeshadow and a dramatic lip colour.

Eyes: Camisole, Amethyst and Nero

Lips: Amelia
